I was very proud of our students last Thursday for their behaviour and performance at the Senior Citizens day at the Bororen Hall. The students performed and mixed with community members. Congratulations students, well done.

Rodney Dahl from the NRL has been visiting our school on Thursdays. He has been putting the students through rugby drills and teaching them sportsmanship. Thank you to Rodney the students have had a great time. This Thursday will be Rodney’s last visit.

This Sunday our Parents and Citizens group is hosting a Golf Day at the Miriam Vale Golf Club. Golf starts at 1.00pm and all levels of players are encouraged to come along and have some fun and friendship. There will be a multi-draw raffle with lots of great prizes and also a sausage sizzle and afternoon tea. I look forward to seeing you all there.

The upper school is on the count down for their school camp. The students have been holding a fundraising event each Friday and so far they have raised $582.00 to help with the cost of the camp. Attending school camp is a privilege and student are constantly reminded of this.

Thank you to the Dad’s that trimmed some of our problem trees. You have done a great job. I am hoping that we could have a working bee one afternoon to remove the cut branches and some other rubbish that we have at the school. It would be good to clear it to remove snake hides. If anyone has a trailer and a spare afternoon please contact the school. Your assistance would be greatly appreciated.

Due to the lack of support the seafood night at the hotel on Saturday night is cancelled. But there will still be raffles happening. These raffles are in aid of raising funds for the school camp.

Bec Wicks is asking for donations of any prizes or a small amount of money to help purchase prizes for this. Yours help is very much appreciated with this. Please have either prizes or money to Bec Wicks on Friday.

Thanks again for your support.

Our school is a great school and really cares and supports students and community.

Regards

Sue Cannon
In maths the students are multiplying and dividing, working with fractions, place value, volume and capacity.

FROM THE P & C ASSOCIATION

Thank you to all for donating cans, the can bin is filling quickly this term, thank you again to all and remember cans only NO glass.

WOOLWORTHS STICKERS
There is a box for Woolworths stickers in the main office please collect them to help our school with sporting equipment. Thank you to everyone who has sent in stickers they are very much appreciated.

Belinda Bradwell
Debbie Otto
Jessie Barrett
Cathy Cavanough
Jean Rootsey
Shayna Pender
Brenda Ferris

Drawn Saturday 5th September 2015.

FROM THE P-2 CLASS

Congratulations to Lacey and Tyson on receiving our special awards this week for fantastic results in our recent assessment task based on poetry and fractions.

This week we started reading “Shakespear’s A Mid Summer Nights Dream” all the children are very interested to find out what is going to happen in the next half of the book after Puck put the magic love potion into Demetricus’s eyes. Ask your children if they can fill you in on the plot so far.

A big thank you to everyone who made last Thursday’s experience at the hall so worthwhile. The children were so excited and on such a high after dancing and performing and eating cake that it was difficult to focus on activities in the afternoon.

Don’t forget spelling tests and Library on Fridays.

FROM THE 3-6 CLASS

Year 3-6 news

English for the next three weeks is all about learning how to identify features of a poem. From this knowledge students will learn how to analyse a poem. The assessment task for English is based on the analysis of a poem.
